FRIENDS BY TER HÜRNE

Step into Style

What would your life be like without friends?
Not even possible? Exactly!

Our FRIENDS parquet floors can become your new friends: healthy, sustainable, durable and really beautiful. High-quality materials and meticulous craftsmanship are our top priorities. You have the choice between 3 strip and plank floors to achieve your desired look.

Single planks appeal with the generous length and width of the individual plank with bevel and give your room a rustic and natural charm. Three strip floors create a harmonious, even wooden surface of stave elements without bevels for a timeless and classic ambience.

In addition to the choice of plank design, you can also choose between matt lacquered and natural oiled surfaces. The natural oiled surface emphasises the natural structures of the wood and gives your floor a matt look, while the hard-wearing lacquered surface offers a silk matt sheen with a soft feel. Both surfaces are easy to care for with uncomplicated cleaning. Design your home with our parquet flooring and express your individuality!
